STERRI-MATT® Mini PPE Organiser

Product Code - SMATT-WCS3

High quality

Meets infection control guidelines

Built for HealthCare environment

No flat surfaces

Durable wipe clean coating

Pre-treated rust prevention

Hospital & clinically designed

Wall mount or door hang

Can be used on Mobile Stand

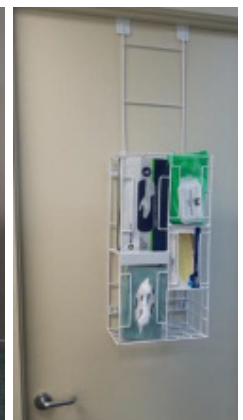

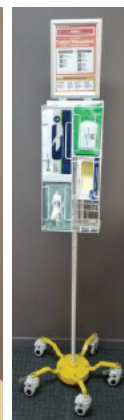

The Mini is a compact version of the PPE organiser, ideal for restricted spaces or above Hand Washing Stations

STERRI-MATT® Foyer PPE Organiser

Product Code - SMATT-WCS4

With Flu season and the like becoming bigger and longer each year, the Foyer PPE unit is the ideal station for your waiting areas to encourage the public to wear a mask, blow their nose or use antibacterial wipes.

Free stand on counter top, wall or door hang or clip to mobile station.

SMATT-WCS4	27.5cm	54cm	16cm	1kg	4kg	4

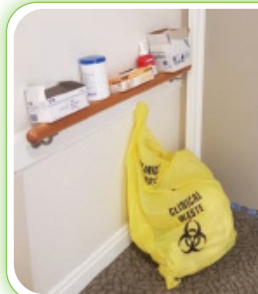

STERRI-MATT® Compact Organiser

Product Code - SMATT-WCS5

Compact PPE Organiser designed to universally fit gowns and masks with a top basket for gloves or shoe covers, etc.

Intended as a multifunction design, able to be fixed to the wall, door hung or on mobile stations.

Easily accessible and organised PPE replaces messy chairs or ad hoc storage that results in wastage and does not promote compliance.

STERRI-MATT® Gown | Mask Organiser

Product Code - SMATT-WCS6

A Compact PPE Organiser designed for Aprons or Face Shields or Gowns and a box of Masks. Ideal for when wall space availability is an issue.

	Width	Height	Depth	Product Weight	Filled Weight	Fixing Points
SMATT-WCS5	36cm	50cm	16cm	-	-	4
SMATT-WCS6	36cm	21cm	16cm	-	-	4

STERRI-MATT® PPE Mobile Station

Product Code - SMATT-WCSP

The Mobile station is a bespoke universal stand for use with the PPE consumables organisers. The stand is adjustable to take either the small, mini, pandemic or gown|mask organiser, according to your requirements.

The stable base with lockable wheels allows for easy transport between stations. You can choose to include a clip on double-sided warning sign.

Designed in collaboration with a clinical team from Queensland, the Mobile PPE Consumable station is an ideal infection control addition where wall space is not available for the wall mount organisers. The base is in infection control yellow to ensure it is highly visible and the durable construction ensures the station withstands the rigours of constant use.
