BATTERY PACK

LINAK
JUMBO BATTERY PACK

The BAJ is a lead acid battery for use together with the modular JUMBO™ patient lift system. It offers variable and reliable battery capacity together with easy mounting, charging and replacement.

The BAJ Linak battery pack will work with most lifting hoists and standing machines from Direct Healthcare Group, System RoMedic, Bure, Allegro, Kerry, Invacare, Pro-Med, Liko, Haycomp, Novis, Liftaid, Oxford & Aspire.

We recommend replacing the battery every 5 years for optimum battery life and performance.

CHARGING

BAJ can be charged by:

- Charger CHJ2
- Control box CBJ2, CBJ Care, COBO
- BAJ with integrated DC plug can also be charged by use of the eternal charger (CH01)
