

ETAC SWIFT Mobil-2 Shower Commode

The Mobil-2 is a flexible attendant propelled shower commode. It is easy to manoeuvre and allows carers the best possible access for personal care tasks with features like the rear opening seat. The ETAC easy clean friction pattern provides the perfect balance of friction and cleanliness, though sensitive users can opt for the extra-soft seat cushion. The soft backrest is quick-drying and the curved footrests offer increased user comfort.

The Swift Mobil-2 is highly adjustable. The seat height can be set between 45-60cm and the armrests are height and width adjustable 6cm in each direction. The swing away footrests are also height adjustable or available in a shorter version for when higher soft seats are used. The comprehensive list of accessories ensures

users have all the features and options required to ensure a comfortable, versatile commode.

Rear opening seat for easy access and dignified personal care tasks.

Unique "Etac Easy Clean" surface.

Ergonomic gently curved footplates.

Highly adjustable - seat height, armrest height & width, footrest length.

Multi-adjustable headrest (Mobil Tilt-2) for maximum comfort and flexibility.

+5° to -35° tilt on the **Mobil Tilt-2** model.

The **Swift Mobil Tilt-2**

has a tilt feature that can ergonomically be operated from either side of the chair, allowing the carer to reassure the user when tilting and provide them an increased sense of security.

ETAC Swift	Seat Width	Seat Depth	Seat Height	Width Between Arms	Overall Width	Product Weight	Warranty	S.W.L.
