

Go Chair

The Go Chair is a stylish indoor powered wheelchair which has been re-engineered with a bold new sleek design, offering enhanced performance and comfort.

It combines super portability, manoeuvrability and style at a very affordable price. Easy to disassemble into five manageable pieces, it fits in most vehicle trunks with the heaviest part weighing only 16.3kg.

The new dual swing-away under seat compartments offer a neat, convenient storage option.

With a speed of nearly 6km/h and a range of up to 14km, the new Go Chair allows you to confidently enjoy your independence.

- “Feather Touch” disassembly
- 5-point swivel seat with latch release
- Foldable, compact, lightweight seat
- Dual swing-away under seat storage bins
- Height and width adjustable armrests
- Compact turning radius (64.5cm)
- Longer wheel base and wider stance for improved stability
- Solid drive-wheels, front castors and rear anti-tip wheels

Easy to disassemble and extremely portable
