

### K-Dee Classic

The K-Dee Classic Bed is luxuriously finished with fully enclosed beech wooden ends to ensure they fit in all settings.

Easy to assemble and disassemble, this compact, lightweight bed has full five way adjustment and an optional 20cm length extension for taller users.

Choose from full length or ¾ collapsible steel rails, or full length beech wooden rails. When folded down, the full length wooden rails create the effect of attractive timber surrounds.

[LEARN MORE](#)

- Easily assembled and disassembled - optional transport bracket for easy storage in compact position
- Powered adjustments with Dewert actuators - height | backrest | knee break | Trendelenburg & reverse Trendelenburg
- Optional battery back up
- Enclosed individual locking castors
- Handset with lockout function
- Optional extension (20cm) | self help pole IV pole | padded rail covers | mattress bolster

The **K-Dee II** is an excellent choice for those on a budget. It provides all the functionality of the K-Dee Classic, with the only difference being its lack of fully enclosed wooden ends. Additionally, both models are collapsible for convenient transport.

Regulatory Compliance: EN 60601-1 | EN 60601-2-52
