

# Shower-Buddy SB6c Roll-In Buddy

The SB6c Roll-in Buddy Lite is a lightweight, durable mobile shower chair and commode system designed for accessible, roll-in showers. Capable of easily rolling into position over most toilets and into the shower, it greatly reduces manual handling and transfers for caregivers.

Constructed of No Rust aluminium with stainless steel parts and hardware, there is a lifetime warranty on the frame. It is easily tailored to your personal requirements with a height adjustable seat and height adjustable swing-away footrests which are removable and flip up. The armrests can be flipped backwards out of the way to make side transfers easier and then securely locked back in place.

- Rolls over most standard toilets - height adjustable seat
- Height adjustable footrests - removable & swing away
- Flip back, lockable arms
- No rust aluminium frame | Stainless steel parts & hardware
- Commode system with deflector splash guard
- Safety Belt (Lap or chest) and calf strap
- 4 x lockable casters
- Seat Cushion opening 17.5cm(W) x 33.5cm(L)
