

# Shower-Buddy SB7e Eco Traveller

The SB7e travel shower commode is a lightweight economical chair, specially designed to be easily dismantled and packed into the accessory carry bag for travel. Made from no-rust aluminium with stainless steel parts and hardware, it is fully height adjustable, with a soft foam cushion and 4 lockable casters. It can roll straight over most toilets but can also be used as a commode chair, with the commode bucket removable from the rear of the chair. The footrests are height adjustable and swing away or can be completely removed. The simple tool free assembly and easy fold down makes it ideal for trips away from home.

- Rolls over most standard toilets
- Height adjustable
- Tool-free assembly and easy fold down
- No rust aluminium frame
- Stainless steel parts and hardware
- Height adjustable footrests - removable & swing away
- 4 x lockable casters
