

# Non Slip Mats

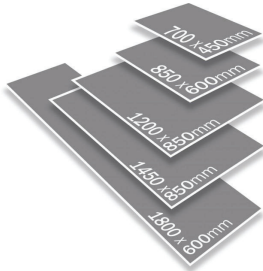

The **Indoor Rubber Backed Mat** is made from tufted nylon with a nitrile rubber backing.

The nylon is solution-dyed to resist fading and bleaching, while the crush-resistant pile traps dirt extending the life of the mat.

The nitrile rubber backing is skid-resistant and resists oil and grease. The ultra grip cleats minimise movement. They can be used on all tiled, timber and lino surfaces and feature a tapered border to ensure the mat lies flat and reduces the risk of falls.

While the mats are easily cleaned by sweeping or vacuuming, they are also machine washable and can be tumble dried.

|              |                |  |              |
|--------------|----------------|--|--------------|
| Dove Gray    | Charcoal       |  | 70cm x 45cm  |
| Beige        | Black          |  | 85cm x 60cm  |
| Brown        | Heritage Green |  | 120cm x 85cm |
| Heritage Red | Navy Blue      |  | 145cm x 85cm |
|              |                |  | 180cm x 60cm |

Available in eight colours and five sizes

With the same nitrile rubber backing and features as the indoor mats, the **Outdoor Rubber Backed Mat** is additionally ultra absorbent and extremely hard wearing. It is made from polypropylene loop pile with a non-slip nitrile rubber backing and is specifically designed for outdoor use. The raised pattern is hard wearing and will not flatten. Measuring 58cm x 88cm, this mat will remove dirt and grease and can capture and hold up to 5.4l of water per m<sup>2</sup>. They are ideal for high traffic areas and are easily cleaned by sweeping, vacuuming and can be high pressure cleaned.
